## BOOK SYNOPSIS

A mix of urbane wit and surreal extrapolations - Douglas Adams meets Flann O'Brien Independent Who else but Steve Martin could combine irrefutable evidence that Mars is populated by kittens with a treatise on sledgehammers? In this brilliantly witty collection of pieces Steve Martin takes a subversive glimpse at the world and a sideways swipe at the conventional. From memory tips for the over-fifties to his insightful exposition of Wittgensteins Banana, never has pure drivel been so entertaining.
